

LETHBRIDGE

# The story of the wine...

## 2023 Lethbridge Fiano

**The Story of the Wine:** From grape varieties with unpronounceable names to low intervention and preservative free wines, to labels inspired by LP record covers, the Australian wine industry is in flux and all this in a bid to capture the imaginations of consumers not only at home but overseas.

Varieties such as Fiano are now in the winemaker's armoury as they plan to combat issues such as climate change and the growing inquisitive wine public.

While there are plenty of exciting wine varieties to play with, and we certainly have at Lethbridge, Fiano is one we keep coming back to.

**Tasting Note:** Fiano is a variety originally from the Southern Italian region of Campania, and is perfectly suited to our changing climate. From a low yielding, cool year like 2023, Fiano creates a wine with personality. It interlaces complex aroma and honeyed golden flavours within a voluptuous but racy palate.

Vintage:	2023
Other vintages:	2016
Grape variety:	Fiano
Bottled:	October 2023
Alcohol:	13.2%
Cellar potential:	2-3 Years
